Emergency Medicine Physician,
Health Care Sustainability Professional
and Senior Clinical Advisor for Health
Care without Harm

**October 31, 2019
12:00PM – 1:00PM*
Lecture Room A**

***“Climate Change, Health and Health Care: How
Physicians and Medical Students Can Help”***

The goal of the Health Systems Science Academy (HSSA) is to establish and assess educational endeavors spanning the entire spectrum of learners – students, graduate trainees, and faculty – on the Penn State Hershey campus. In keeping with our organization’s strategic goals to “educate and invest in our people” and “create the highest level of value” in our health system, the HSSA strives to advance the core principles of the Science of Healthcare Delivery (SHCD), add value to the clinical practice environment, and improve health outcomes.

All events are free and open to all with an interest in the subject matter. *Lunch will be provided.

Penn State College of Medicine is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians. Penn State College of Medicine designates each live activity for a maximum of 1 AMA PRA Category 1 Credit(s)TM. Physicians should claim only the credit commensurate with the extent of their participation in the activity.
