

ACT NOW.

Call House and Senate leadership, your own representative and senator,
and as many of our state legislators as you can.

Some Tips for your Message:

Please be polite and respectful. Delicate negotiations may be taking place.

1. **Your name and phone number.**
2. **Why you are calling that particular legislator.** You are a constituent or because of his role as Speaker of the House/ Senate Majority Leader/ Chair State Government Committee, etc. They represent all Pennsylvanians.
3. **Reason for call.** You believe in fair and free elections and take your right to vote/ duty to vote/ role as a citizen very seriously. You want your mail-in ballot to count / you want all mail-in ballots to be counted efficiently. You don't want the election results to be called into question because of the lengthy time it takes to count all the votes.
4. **Ask.** "I ask that you (the legislator) work in a bipartisan manner, work with colleagues across to the aisle to pass legislation that provides for pre-canvassing of mail-in ballots."
5. **Not a Republican or a Democratic issue.** You can state that you are calling both Republican and Democratic leadership asking both parties to work together to help us, the voters in PA, and to help our counties by allowing them to pre-canvass mail-in ballots.
6. **Thank you.**
